

X-Range Tablet Datasheet

The X-Range pipeline inspection tablet is designed and built for business from the inside out, delivering a reliable operation you can count on. Drop it on tile or concrete floors. Use it inside and outside, even in the heat or subzero temperatures. Hose it off. It still works, and if you're working in even more demanding environments, no problem the rugged boot offers more durability.

Packed with Pipeline inspection software, including mina + and WinCan ProTouch, you create the reports that suit your needs. Add maps, site images and edit existing reports then share them via Dropbox, WhatsApp or email, it's that simple. Explore the benefits of tablet technology and pipeline inspection with the X-Range Tablet, site made simple.
